# BS<sup>®</sup> The brand

**Original**  
Our creative team develops our own toys, to play, to move and to learn!

**Educational, active, creative, indoor, outdoor**  
Each toy has its own specialty. Creative, educational, active...it's all in the game.

**Easy to use**  
And to store! A lot of our products come with a cotton bag. You can take your toy anywhere you want to.

**For all ages**  
The toys we create are for different age groups, indicated on the packaging with the age icon.

**Take care**  
We take care of our children and of those from someone else. Every child should have the chance to develop optimally, to discover the world but above all to play! That's why we work together with various charities.

**Sustainable**  
We use excellent materials only, to create long lasting fun.

**Safe**  
Our products meet all the latest safety requirements.

Our mission: spread the joy of playing worldwide!
