# Love Play Learn

# Becoming Better From Within

*Thanks to the great efforts of Hape associates and our global partners, we grew another 20% last year. This is a remarkable achievement, surpassing many enterprises of similar size inside and outside the toy industry and all around the world. Once again, we owe credit to many who have helped us achieve these results, whether to retailers who sell our products, vendors who supply us or to consumers who buy Hape toys.*

*This kind of relationship – which changes every day when a child is born! – is part of our Love Play Learn mission – and we look forward to continuing to engage with our partners. We are indebted to many who have helped us either through their direct engagement or through the constructive feedback we rely on them to provide us.*

*Facing a fast-changing world, we are committed to sustainable development and the relentless pursuit of becoming a better company. While we enjoy double digit growth, we will further focus our efforts on becoming a better company. So, how do we become better?*

*I believe the way to become better comes from within. It is neither from the board, nor the management. It is from the individuals in Hape, our suppliers, customers and consumers – all of whom form our foundation. Every little effort makes Hape better. In keeping with that spirit, we invite you – and indeed encourage you – to share your thoughts on our performance going forward. We take this feedback seriously and always welcome it.*

*I have never been more optimistic – optimistic about our products, about our customers, about the thousands of Hape associates who work with us, about Hape and about the world we are building together. Let's strive together to become a better company!*

Sincerely,

Peter Handl

Peter Handstein  
Founder & CEO

## Love Play Learn

*Holding the Hape philosophy*

*"Love Play Learn"*

*dear to our heart, we believe:*

*Love is the mutual love between child and parent,  
Play is the experience of success or failure,  
Learn is the natural outcome from love and play.*

*Deep in our hearts, we believe that play is the most  
important thing for children all over the world.  
Germany invented the word and the concept  
"Kindergarten", and if children learn true play, they  
will have deeper understanding of many things  
in life and therefore become better adults in the  
future.*

# Music

Babies enjoy sound and music as they develop their senses. Our Baby Music toys are designed to give babies a high quality experience of music and tones.

Toddlers love exploring sounds and rhythms as they play around with music. Our Toddler Music toys are designed to give toddlers fun ways to explore music with high quality rhythm and tones.

Pre-schoolers are thrilled to learn melodies and rhythm beats. Our miniature instruments are designed to inspire pre-schoolers to play music for real.

# Quadrilla

Derived from the combination of two German words, "Quader" and "Rille", meaning "bricks" and "slots" respectively - which are also the main components of the game - Quadrilla's unique marble run system is "a lot like coding" (Wall Street Journal) and a perfect platform for STEAM education.
