Love Play Learn

2020, Heading into an Exciting Decade

With the unlimited support of our business partners, we are very thankful to have achieved another year of double-digit growth.

Hape has developed into an environmentally friendly lifestyle, as well as a platform for the education and mutual development of our consumers, partners and suppliers. Without a doubt, innovation on products, designs and the exploration of new material and technology are the keys to our successful development. Hape is empowered with observant vision and strategic planning. We continue to triumph in the constant-changing market as we explore new channels across a variety of industries.

Hape today is far more than just a wooden toy company. We are a diverse portfolio of products and brands. Our philosophy "Love Play Learn" is transmitted from our hearts into the hearts and minds of the children and families who engage with our toys. Our use of environmentally friendly material and responsible manufacturing processes continue our mission to leave the world a better place than when we entered it.

As a solid commitment to our partners, we will maintain our extraordinary performances on business. As a responsible brand, we will continue as a social and environmental role model in dedication to all future generations. As a leader in the industry, we will take the opportunities and challenges, hand in hand with you, as we go forward together on this exciting journey.

Sincerely,

Peter Handstein
Founder & CEO

Love Play Learn

Holding the Hape philosophy
"Love Play Learn"
dear to our heart, we believe:

Love is the mutual love between child and parent,
Play is the experience of success or failure,
Learn is the natural outcome from love and play.

Deep in our hearts, we believe that play is the most important thing for children all over the world. Germany invented the word and the concept "Kindergarten", and if children learn true play, they will have deeper understanding of many things in life and therefore become better adults in the future.

Quadrilla

Derived from the combination of two German words, "Quader" and "Rille", meaning "bricks" and "slots" respectively - which are also the main components of the game - Quadrilla's unique marble run system is "a lot like coding" (Wall Street Journal) and a perfect platform for STEAM education.

- Two double-sided spiral twists
- Special control blocks
- Praised by WSJ, "a lot like coding"
- Family game

Hape Playland

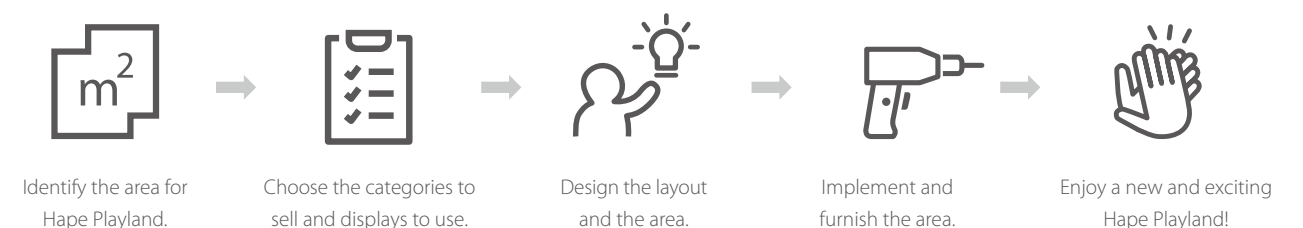

A journey into Hape's retail solution

In the broad panorama of toys we want to stand out for our quality and attention to design, showing our range in new and inspiring ways. The impression we want to give is: Hape is playful, innovative, friendly, affordable, passionate and - more than anything - willing to make the world a playful place where children will never stop learning.

Key features

- **More interaction:** demos, play tables, and displays to boost the fun and interactions.
- **Immersive shopping experiences:** the attractive graphics and decorations will provide children a more immersive shopping experience.
- **More traffic:** thanks to its new fresh look that resembles a play area, Hape Playland will generate more and more traffic.
- **Increase conversion rate:** by strongly communicating our passion and values, Hape Playland will increase the conversion rate.
- **Memorable experiences:** nothing makes parents happier than looking at their children having fun and learning.

The best result in a few simple steps

Flexibility and adaptability

Hape Playland has a flexible design based on regular grid systems that enables it to adapt to many different store layouts and dimensions. One Hape Playland can go from a minimum recommended size of 5 sqm /54 sqft to areas as big as 50 sqm /540 sqft.

To get your own Hape Playland, please contact our local sales. The following are some examples of different Hape Playland sizes.
